ACPOWER ENGINEERING SERVICES

MITSUBISHI HEAVY INDUSTRIES, LTD.
ADEX INTERNATIONAL, INC.
Certificate of distribution
ORIGINAL
This letter is to confirm that Acpower Engineering Services represents Adex International, Inc. since 2013 in all their products offered.
The coverage represents sales of Mitsubishi diesel generators, Marine engines, industrial engines and parts.
Adex International, Inc distributor of Mitsubishi Engine & parts for South America, Central America and the Caribbean since 1995, warrants that all Mitsubishi Parts & engines sold by our company are genuine, new and original Mitsubishi.
Also we provide the warranty of free defect material or workmanship from the date of shipment.
If you have any questions or need more information please feel free to contact our company at 305-278-778 or johnny@adexintl.com.
Sincerely
JOHN LEVY
Adex International, Inc.

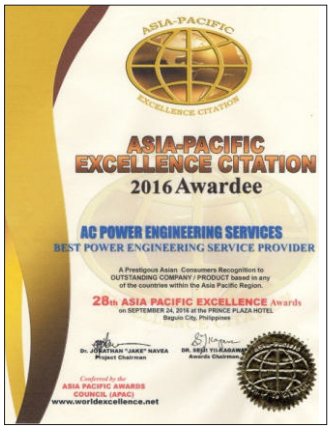

CHONGQING CUMMINS ENGINE PARTS CO; LTD
Certificate of Distribution
This letter is to confirm that ACPOWER ENGINEERING SERVICES represent of CHONGQING CUMMINS ENGINE PARTS CO; LTD to sell all the parts they offered since 2013. Scope: Chongqing Cummins products sale &service. Model: M11, NL4. NH/NT855, KTA19, KTA38, KTA50.
CHONGQING CUMMINS ENGINE PARTS CO; LTD distributor of Chongqing Cummins products since 2012. All the Chongqing Cummins parts by our company are genuine, new CCEC parts.
Sincerely
Ann Mao
CHONGQING CUMMINS ENGINE PARTS CO; LTD

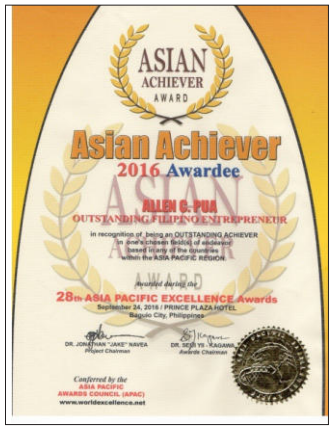

SOCMA
Certificate of Authorization
This is to certify that Fujian Southchina Heavy Machinery Manufacture Co., Ltd. the company grants ACPOWER ENGINEERING SERVICES,with register Block 34 Lot 11,12 Sampaguita St. TS Cruz Subd. Almanza 2 Las Pinas City 1751 Philippines, be our sales representattie, to represent, commercialize and import our 2ton-10ton of SOCMA machines in Philippines where they can advance their marketing. And SOCMA authorizes ACPOWER ENGINEERING SERVICES to use the brand logo SOCMA for marketing in those territories.
SOCMA machinery is assembled with parts of high quality according to the International Regulations for construction equipment with advanced technology compatible with environmental protection.
All equipment delivered by SOCMA to ACPOWER ENGINEERING SERVICES will be supported by an efficient service and timely stock of spare parts from ACPOWER ENGINEERING SERVICES.
This Certificate will expire on August 1, 2021
Best regards,
Fujian Southchina Heavy Machinery Manufacture Co., Ltd.

PUA GROUP OF COMPANIES

''Our Vision is to provide the industry with superior quality electro-mechanical products and services at reasonable cost while creating business and generating employment opportunities with equitable compensation to capable, skillful and willing individual to preserve and improve human life.''

ALLEN C. PUA
President And Chairman

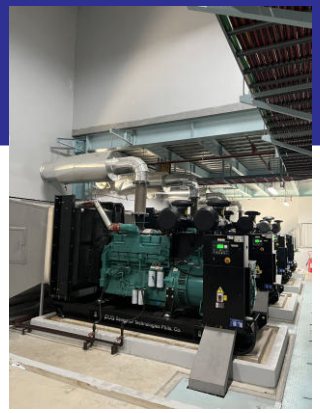

INTRODUCTION AND COMPANY PROFILE

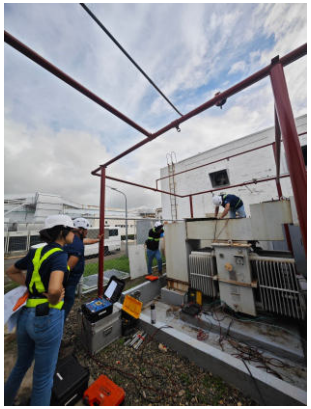

The performance of the elctro-mechanical facilities of a company or manufacturing firm plays a vital role in the company's operation and productivity. In order to ensure a continuous safe, reliability and efficient operation of the equipment, A PROPER INSTALLATION AND PROPER MAINTENANCE OF THE EQUIPMENTS should be ensured and must always be conducted, respectively to keep them at their tip-top operating condition. However, installation and maintenance costs nowadays are becoming more expensive. These are additional burden to companies that are trying to survive in a competitive business world. And with the current business competition, companies are trying to minimize costs while maintaining the quality of their products and services.

Deeply considering this additional burden to companies, PUA GROUP OF COMPANIES is envisioned to provide quality products and services to its clients at a reasonable costs and highly competitive price. Pua Group of Companies is a company aimed to provide electro-mechanical products requirement for residential, commercial and industrial facilities.

WHAT WE DO

Professional engineering services including planing, managing, supply and installation and maintaining of any type of industrial, commercial and residential establishment equipment specially Diesel Generator Set, Synchronizing Panel, Electrical Sub-stations and Fire Protection System.

PUA
GROUP OF COMPANIES

- *PUA GENERATOR TECHNOLOGIES PHILS Co / PUA FUJIAN FILO POWER -*
  - *Diesel Generator Set*
    Cummins, Mitsubishi, SDEC, Yangdong, Faw, Isuzu, Perkins, Yanmar

    Pua Generator Technologies Phils Co - Generator Set Series

- *ACP HEAVY INDUSTRIES PHILS VENTURES CORP* *former ACPOWER ENGINEERING SEVICES*
  - *Supply and / or Installation of Diesel Generator Set*
  - *Preventive Maintenance of Diesel Generator Set*
  - *Main Alternator Preventive Maintenance*
  - *Genuine Parts of Diesel Generator Set*

- *CAISHEN ELECTRIC CO.*
  - *Supply and Installation of Electrical Substation Equipments*
    Transformers, AVR, ATS/MTS, Capacitor Bank, Synchronizing Panel, Switch gears, Load Break Switch
  - *Preventive Maintenance of Electrical Substation Equipments*
  - *and Baudouin Generator Set Authorized Distributor*

- *ACPOWER FIRE SYSTEM SERVICES AND TRADING*
  - *Fire Protection System - Supply and Installation*
    FDAS, AFSS, Water Deluge System, FM200/C02 automatic suppression system
  - *Preventive Maintenance of Fire Protection System*

- *ACPOWER LIFT*
  - *Lifting Equipment - Telescopic Boom Truck Sales*
  - *Boom Truck Rentals*
  - *Lifting Equipment - Fork lift Sales*
  - *Acpower Lift - Socma Fork lift Series*

PUA GROUP OF COMPANIES

A company that renders professional engineering services for clients that plan, manage and maintain any types of industrial, commercial and residential buildings and equipment across the country. The company's key personnel have more than 10-18 years of extensive experience concerning diesel engine generator system.

QUALITY POLICY

We are committed to provide and implement a high level of quality assurance and control for all range of products, services in a manner which conform and meet specifications while adhering manufacturing and industrial standard.

DIESEL GENERATOR SETS

PUA GENERATOR TECHNOLOGIES / PUA FUJIAN FILO POWER

The PGTPC series of silent generator sets are in compliance with ISO Standards and comply with current and pending laws regarding safety and health requirements and environmental requirement of the working environment. All generator sets of PGTPC have passed rigorous testing and an operate under the most stringent working conditions.

PERFORMANCE CHARACTERISTICS

- Strong and Durable, weatherproof
- Powder spraying coating has xcellent corrosion resistance
- Fully consider safety, ensure safe operation and maintenance
- Good manoeuverability

PUA
FUJIAN FILO POWER
" Merging together for the brighter future "

GENERATOR TECHNOLOGIES PHILS CO.

MOBILE/TRAILER GENERATORS

PGTPC mobile power station is an independe t, complete power generation d vice and system.

- Basic or full-featured generator sets to cover any industry need, criti al applicaation
- Reliable, pre-integrated systems designed to work together, using the same controller on every platorm
- Configuraations andeatures fully compliant with local requirements and regulations
- Hardened enclosures to withstand the harshest conditions
- Easy access for easy maintenance plus local service and support

PGTPC Standard Canopy
2.0mm - 3.0mm thickness of the steel sheet
Hinges and locks are stainless
Zinc Coated bolts but hidden
arc angle
Top cover separated with the door intel
Length of base frame same as canopy
Service door with 80mm thickness, two layers of soundproof coton
Soundproof coton with edging design on the backside of air inlet, control panel and breaker panel
With lightning inside

EXCELLENCE
SERVICE MATTERS

CONTAINERIZED SERIES GENERATOR SET

PGTPC series is a containerized power station which PGTPC company adpots the internaationaltandard container as a generator silent canopy. The reasonable design of structure make the generator set strong enough to withstanding rough condition, he vy load be not damaged during the transportaation, and it is suable for shipping directly, the specificaation e; 20 and 40 Foots, and widened, heightened container, which include weatherproof type and sound proof type according to its function.

That series generator set can easily move to the required location and run in the mot demanding ccondition. These generator sets all adopt the first-level reliable diesel engine as power, and equipped with internaational quality brush less synchronous alternator.

DIESEL GENERATOR SETS

CUMMINS GENERATOR SERIES

25KVA - 2500KVA

CCEC/DCEC

CUMMINS POWER GENERATION

This series diesel generator sets, composed of CUMMINS diesel engines, Dongfeng Cummins Engine Co Ltd., and Chongqing Cummins Engine Co Ltd., The generator sets can be used in many fields,such as telecommunicaations, mines, oil fields, chemical industry and Military use and so on.

CUMMINS engine is well known in the generator field, not only for its reliability, durability and fuel economy, but also for its compliance with the stick emission tandard. The most significant feature is its excellent aaer sales service nets for all clients.

RELIABILITY AND PERFORMANCE
Power When and Where You Need it Most

Cummins is a world leader in power generation equipment, including PowerCommand standby and prime power systems. You will find Cummins Gensets everywhere reliable power is needed, from hospitals and data centers to drilling and mining operations.

CUMMINS USA

RECOGNIZED AS THE GLOBAL POWER LEADER

There’s a reason that power systems from Cummins are deployed for vital applications t some biggest and best known companies and institutions in the world. No mater how complex the installaation or criti al the applicaation,ou can have complete confidence in the reliability and dependability of a cummins system.

DIESEL GENERATOR SETS

MITSUBISHI GENERATOR

750KVA - 2500KVA

MITSUBISHI HEAVY INDUSTRIES, LTD.

DEPENDABILITY & DURABILITY IN POWER GENERATTION

The best performance-matched engine and generator systems give world-class performance response and stability designed to exceed user expectations in a variety of applications

RELIABILITY AND QUALITY IN POWER GENERATTION

- Extra wide range 12 wire-reconnectable terminal box
- Digital diesel generator control lineup
- Applied worldwide distribution ystem design, without any modificaations
- Permanent Magnetic Geneator (PMG) excitaationystem
- Sealed type RMS sensing type AVR for highly Reliable operation
- 2/3 pitch and class H insulation ystem with VPI winding methods
- Built-in transformer for measurement, control and protection or both 400V and 200V class applicaations
- Class H Insulation M terial with class F temperature rise applied

MITSUBISHI DIESEL ENGINES

Ranging in capacity from 0.5 to 56,400 horsepower, Mitsubishi brand diesel engines offer a series of versaatile p er generaratinystems. Mitsubishi Heavy industries Engine & Turbocharger, Ltd. has continually introduced upgraded its engine products since the inception of business in 1917, and now the MITSUBISHI enset provides a higher generating po er raating and me advanced control systems than ever before, with proven reliability based on the continued esearch and development.

The best performance-matched engine system configured with Mitsubishi diesel engines and Mitsubishi turbochargers, which are engineered and manufactured in the same facility, is certain to result in the high productivity and impoved fuel efficiency. Every unit is inspected and tested before leaving the factory and the report is sent with the genset. All Mitsubishi assembled, tested and supported.

ACP HEAVY INDUSTRIES PHILS.
VENTURES CORP.

ACP HEAVY INDUSTRIES PHILS VENTURES CORP

With all humility, it is our pleasure to introduce to you our company – ACP HEAVY INDUSTRIES PHILS VENTURES CORP It is our humble desire to provide companies and firms with products and services at reasonable and highly competit e prices, while maintaining the right quality of work.

We are also engaged in the sales, supply, installation, operation and maintenance of diesel-engine generator system.
Among the various electro-mechanical services that our company has to offer, we are also specializing in the installaation, oparation, mtenance and troubleshooting of diesel-engine generator sets such as: Mitsubishi, Cummins, Caterpillar, Detroit, Perkins, etc., of respecti e types and models;
supply, installation and maintenance of electrical and mechanical equipment/ system; Supply and Installation of Fire Protection System Such as; Fire Detection and Alarm ystem, Automaatic Fe Sprinkler System, FM200, C02 Automatic Fire Suppression System and Water Deluge Automatic Fie Suppression System.

PREVENTIVE MAINTENANCE

Standby or emergency power system plays a very important role especially during commercial power failure. However, there were instances that emergency power system fails to deliver the necessary power when required due to the reason that some periodic or simple maintenance work on the equipment had been overlooked. Regular or periodic maintenance of standby equipment, like the gensets, is very crucial in keeping the equipment in its tip-op operaating condition. In this egard, we sincerely express our intenntion to be one of the genset supplier and electro-mechanical service providers to your company.

CAISHEN
ELECTRIC CO.

CAISHEN ELECTRIC CO.

CAISHEN ELECTRIC CO. is a reliable provider of electrical engineering solutions serving the residential, commercial, and industrial sectors. We specialize in the supply, installation, and preventive maintenance of electrical substation equipment, including power transformers, switchgears, synchronizing panels, automatic transfer switches (ATS), and manual transfer switches (MTS). LBS
We are committed to delivering high-quality products and services that ensure safe, stable, and efficient power distribution.Backed by a team of experienced engineers and skilled technicians,

CAISHEN ELECTRIC CO. executes every project with precision, adhering to strict industry standards and safety protocols. We focus on minimizing downtime, optimizing system performance, and delivering cost-effective solutions, tailored to our clients' unique needs. Our expertise in voltage regulators (AVRs), primary AVRs, and secondary AVRs ensures stable voltage levels, protecting sensitive equipment from fluctuations. We also offer comprehensive services for the maintenance and repair of transformers, including oil testing, winding repairs, and core inspections, helping businesses extend the lifespan of their critical assets.

AUTOMATIC CONTROL SYSTEM

CAISHEN ELECTRIC CO.

CAISHEN ELECTRIC Series Parallel Control System

CAISHEN ELECTRIC series parallel control system is home-developed and designed by CAISHEN ELECTRIC CO. Which adopts Deep Sea synchronization module o make generator sets run synchronously and share the load. The system can connect and disconnect the generators with parallel system automati ally; and to keep balance of the running time between generators. User can also exchange the generators working as main or standby supply, according to the differrence running time.

AUTOMATIC TRANSFER SWITCH Cabinet

CAISHEN double power automatic tansfer switch cabinet adopts high reliable double power automatic tansfer switch, which is used to transfer the power supply between the mains power and the emergency power.

Various functions for option:

1. Standard Switch Cabinet: with 2 input power, generator power supply and mains power supply, changeover as require.
operator-friendly Gen Set

2. Bypass Switch Cabinet: That switch is used for periodically ATS Switch action est with stopping the power supply.

3. Instantaneous Parallel Switch Cabinet: This is applied to the occasion that has strictly requirement on power off time, it m t reach the seamless switch between power supply systems. This cabinet has widely applied In hospital, database machine room.
